

List of Binder's Volumes and Prominent Collections

To keep the prose clean of numerous volume numbers, I have listed the binder's volumes below and refer to them by the owner's name in the text. Married names appear in brackets.

The pieces in binder's volumes at the CPM research are numbered 00XXXX-SMVOL, which indicates the order in the volume, and that it belongs in a sheet music volume (SM-VOL). The volume itself is not part of the identification system. "CPM" and the number denotes the volume here.

CM binder's volumes are cataloged under SMB (Sheet Music Bound).

UNC lists its binder's volumes in Old Series, New Series, Jackson, and White. Only the series is listed below.

SWEM numbers its binder's volumes. They are given here as SWEM and the number. Other libraries catalog their volumes using other procedures. These are presented with the library.
